Haymond held the lead to the turn into the homestretch at a killing pace, lengthening out the string remarkably. Larchmont and Connemara and Le Logos came up in the turn into the string remarkably.

Consemars and Le Logos came up in the straight.

### Gray Giving Away to the Old Roman.

Tammany Credited with Starting the Ohio Man's Boom

What Will the Convention Build for a Platform?

S. M. White Selected for Temporary Chairman.

[SPECIAL TO THE WORLD.] St. Louis, June 4. -3 P. M .- Indianians bave at last given up all hope of Gray being nominated. They admit that there is no way of stemming the Thurman tide. The only thing that can prevent the nomination of Thurman

would be his unwillingness to accept a nomi-

nation unless Gov. Gray withdraws from the

ing. The dry-goods stores here have found themselves unequal to the emergency of supplying the demand for red kerchiefs. Orders have been sent to Chicago, Kansas City and other places for every bandanna that the furnishing-houses have on hand. The convention is may yet look like a field

NEW YORK, MONDAY, JUNE 4, 1888.

The old Roman will take nothing that is not unanimous. He himself has said it, and his friends are repeating it here. But it would be extremely unfortunate, in the opinion of the shrewd politicians here, to have the remotest semblance of a contest over Thurman. It might lead to a serious disruption in the party to cast the shadow of a slight upon the veteran war-horse.

ST. LOUIS CAPTURED

By the Enthusiastic Legions of the National Democracy.

(SPECIAL TO THE WORLD.) St. Louis, June 4,-When the people of St. Louis awoke this morning they heard the beating of drums and the blare of trumpets

hosts from every State in the Union. Delegations, clubs and legions began pouring into the city before the sun shone on the muddy waters of the Mississippi, and every half hour since uniformed battalions of the Democracy have been marching to their headquarters and are still arriving.

St. Louis has been handed over to the Democracy of the nation, and old residents are astonished at the sight of the immense

There is a much larger attendance present than was anticipated, and the throngs will be increased before evening. There are more clubs and bands here than

there was at the Chicago Convention of 1884. There is a noticeable absence of Government officials, although a stray collector of revenue and an occasional postmaster are to be seen among the party followers.

The West is represented by more office-holders than the East, but "pernicious activity" officials are keeping in the background.

There are very few prominent employees of Uncle Sam in attendance, and even Na tional Committeemen Smalley, of Vermont,

St. Louis' Exposition Building Where the Enthusiastic Hosts of the Democracy will Gather To-Morrow.

There is a probability that Cleveland and Thurman will both be nominated by acclamation.

The friends of Gov. Gray will blame New of Thurman. It is now said that both these States will indorse Thurman this evening. The Indianians are dying hard, and still think that Thurman's nomination will be a

Tammany Hallites are shouting for Thurman. The arrival of the New York delegates has increased the popularity of Thurman for Vice-President. The County Democracy

people are also a unit for Thurman. Colorado is talking of Gen. Black, of Illinois.

The committee has finally selected S. M. White, of California, for temporary Chair-

4 THURMAN OR GRAY?

man.

The Leading Topic of Discussion at St. Louis This Morning.

Sr. Louis, June 4 .- " Who, Thurman or Gray?" This is the question that is heard everywhere. The Indiana cohorts are working with great energy for Gov. Gray, and Hoosier orators are visiting the headquarters of the various States. The logic is, Without Gray we will have a hard time to carry Indiana. If Indiana is lost, Cleveland | for Chairman. will be defeated."

Senator Voorhees has taken off his coat for Gray, and will make the speech placing him in nomination.

These factors are confident that the Thur nan boom will go to pieces before to-morrow. The friends of Gov. Gray say this morning that they have made a break in the Thurman line.

The Indiana men are very angry at the position which it is said New York will take on Vice-Presidency question. A committee of ten has been appointed to wait on the New York delegation to urge the New York men to either be neutral or to support Gov. Gray. The Tammany Hall shouters for Thurman will have to meet the roarers from the

Wabash in corridor debate. Tammany Hall is credited with starting the oom for Thurman, which has spread like wildfire all over the country and which has

entred here. The red bandannas are everywhere way.

and Judd, of Illinois, who hole the grace of President Cleveland, have sent

The "What are we here for?" Demo crat has not been as yet discovered. There is no York and Pennsylvania for the nomination doubt plenty of them are here, but they will not show their badges until the convention adjourns.

The few Democrats who hold offices and who are in St. Louis to-day are looked upon as wonders. They are receiving the con gratulations of their unlucky brethren, The delegates and the camp followers will no settle down to businesi before evening.

Aside from the Vice-Presidency the talk is about the construction of the platform in reference to the tariff issue.

In this matter conservative counsel likely to prevail. It is probable that there will be no specific mention of the Mills bill in view of the fact that it is being amended every day and that there is no telling how much further it may be changed. Besides, on a full view of the situation, it is not thought advisable to give offense to Randall and his following in the North and West, and the friends of protective proclivities in the South.

The purpose now is to rewrite the tariff resolution in the platform of 1884, coupling with it a more specific demand for the reduc tion of war taxes.

Ex-Senator Davis, of Maryland, and Senator Voorhees, of Indiana, are to be on the Committee on Platform, and Senator Gorman, who is a revenue reformer, but not at all aggressive against protection, is named

Ex-Mayor Cooper, of New York, wants to go on the Platform Committee. He wishes the tariff plank of 1884 to be made the basis of the 1888 plank, and is opposed to the indorsement of the Mills bill.

The indications are favorable for a dispute over the tariff plank of the platform. There are evidences of a combination to force on the convention the tariff declaration of the plat form of 1884. Chairman Barnum, Senator Gorman, nearly all the New England National Committeemen, Mr. Kelly, of Minnesota; Mr. Tarpey, of California, and Mr. Walsh, of Georgia, are opposed to the President's views on the tariff, and from all accounts are hard at work to prevent a square declaration in favor of reform.

All day yesterday these gentlemen were busily engaged in buttonholing delegates and urging them to straddle the tariff question. They assert that a fair declaration in

and in the fourth three more pairs of their opponents.

In the fourts, on clean hits by lierzer, Connor, Farrell and Lichtenstein, the red legs of Connor, found their way around the bases and The Evening World scored their first run.

In the fifth both sides were blanked, Rellly going into the box for the visitors. In the sixth Herzer crossed the piste, and the score was 11 to 2 in tavor of the Brooklynites.

Smith scored for The Evening Worlds in the seventh, while their rivals were blanked.

Then in the eighth there was fun. Connor led off with a single. Farrell, Lichtenstein, Smith and Talbot followed suit, and lour runs were scored before the Brooklyn boys could gather themselves together sufficiently to put three out.

But the hopes of the New Yorkers were dashed in that same inning, for Brooklyn sent two men across the plate and then blanked their opponents in the ninth. The Evening World boys are disappointed, but eager for another game.
